WHERE: Hampton Fire Department
600 Second Street West
Hampton, SC 29924

REGISTER: Active.com

MORE INFO: Hamptonscfire.com

Hampton, SC - On Saturday, November 19, 2016, firefighters and citizens alike will join together in a unified show of support for firefighters across the nation who are battling occupational cancer by participating in the 4th Annual Hampton's Hometown Heroes Charity 5k Run/Walk. Initially organized by the **Hampton Fire Department** as a fundraiser for two of their own firefighters, the Department has since turned the event into an annual fundraiser for **Code 3 for a Cure (C3FAC)** to assist fellow firefighters across America who are suffering with occupational cancer. C3FAC founders and other team members will be in attendance, and some of the firefighters participating will wear their fire gear as a symbol of support for all firefighters who are battling occupational cancer.

ABOUT HAMPTON: Boasting a population of 2,837, Hampton is centrally located in the heart of the South Carolina Lowcountry. The Town of Hampton is the county seat for Hampton County. Hampton is full of exciting attractions, beautiful scenery, historically significant sites, and friendly people. For more than 72 years, Hampton has been protected by a dedicated volunteer fire department. The **Hampton Fire Department** has grown in size and updated its equipment, technology and training to accommodate the needs of its city's residents and its growing business and organizational community.

ABOUT CODE 3 FOR A CURE: Founded by a firefighter who has battled three different forms of occupational cancer, **C3FAC** is a national nonprofit 501(c)3 public charity which addresses occupational cancer in the fire service, in part by heightening awareness of cancer as an occupational hazard of firefighting and providing financial support to firefighters throughout the United States who are battling the disease.
