The **MO-HAWK LESS CANCER GIVES BACK** Motorcycle Benefit Ride and After Party will take place once again this year in loving memory of **Firefighter/Paramedic KEVIN OLDHAM**. The annual event was initiated by Kevin and his family during his battle with cancer. Kevin, at the age of 33, was diagnosed in April 2010 with stage 4 inoperable pancreatic cancer. Even in the midst of his own battle, Kevin answered the call by traveling across the country in the C3FAC (Code 3 for a Cure) fire engine to spread his message of hope and honor in an effort to save his brother and sister firefighters from cancer by sharing his story. Visit this link <https://www.youtube.com/watch?v=NRnC0TvCn4M> to see video footage of Kevin's quest. Proceeds from the Mo-Hawk Less Cancer event will go to C3FAC, as well as to pancreatic cancer research. During the event, organized by Kevin's family, kids of all ages are welcome to get a purple mohawk to show support, and there will be a motorcycle ride, live band, silent auction, raffle, and more.

#### ABOUT CODE 3 FOR A CURE:

Code 3 for a Cure is a national nonprofit 501(c)3 public charity addressing firefighter cancer. A major aspect of its purpose is to provide financial assistance to firefighters (whether active or retired and whether salaried, paid call, or volunteer) across the United States who are battling cancer. Code 3 for a Cure also brings attention to the issue of firefighter cancer and helps minimize the impacts of cancer among firefighters. Although numerous studies have shown that firefighters are at a much greater risk of contracting cancer than the average citizen due to the toxins to which they are exposed in the line of duty, too often firefighters don't get the critical support they need when battling the disease. Code 3 for a Cure was formed based on the conviction that no firefighter should endure what many of them do when faced with cancer. Read more at [www.c3fac.org](http://www.c3fac.org).
